WORK EXPERIENCE

E-Commerce Specialist

2025 – 2026

AQVA Finland Oy, Helsinki

Recruited to the role through the Saranen E-commerce Academy, then directly employed by AQVA from April 2026.

- Built a Google Search Console reporting system across five domains with Google Apps Script and the Search Console API, replacing growing manual upkeep with one shared reporting view.
- Built three further production tools: an ERP workflow automation with Playwright, a data scraper, and a customer service ticket pipeline that cleaned and clustered data for a partner-built RAG chatbot.
- Owned GA4 and Google Tag Manager, managed multi-domain consent, and used Clarity and Hotjar to analyse customer behaviour and validate improvement hypotheses.
- Identified platform development needs, made the case to the CEO, wrote requirements, and directed the external vendor's developers through implementation. Internal go-to for the Refox ERP and ecommerce platform.

Marketing & E-Commerce Specialist

2018 – 2021

Sportiro Oy, Helsinki

- Implemented ecommerce tracking on the Shopify store from scratch with Google Tag Manager, Google Analytics and Google Search Console, then owned campaign reporting and measurement.
- Owned manual Mailchimp campaigns end to end: segmentation, campaign calendar, copy, sends and performance tracking.
- Managed Google Ads and Meta Ads campaigns. Lifted the domestic Google Ads conversion rate from 3.3 % to 5.5 % and conversions 40 % year over year while impressions fell 29 % and cost per conversion fell 14 %.
- Led the Shopify migration, including theme files and Liquid, and drove international expansion across the Nordics and Central Europe through localized content, logistics and channel strategy.

Executive Director

2024

Helsinki Athletics Cheerleaders HAC ry, Helsinki

- Managed full organizational operations including a EUR 1M+ annual budget and cross-functional coordination of around 80 coaches and staff, the board, and external partners.
- Stabilized the club from financial crisis by building a cash flow tracking system, rebuilding budgeting around current athlete numbers, and moving member billing from semi-annual to monthly payments.

Head of Coaching | Professional Coach

2021 – 2024

Helsinki Athletics Cheerleaders HAC ry, Helsinki

- Introduced data-driven performance tracking and systematic evaluation frameworks across coaching staff and athlete development programmes.
- Managed coaching staff and coordinated training planning across multiple athlete groups.
